**ROLLING V BUS CORP. DRIVERS AWARDED  
GREENROAD FLEET ELITE MEMBERSHIP**

*Forty-two Rolling V drivers inducted into 'Elite' club with exceptional driver safety scores*

**South Fallsburg, N.Y. – Feb. XX, 2015** — [Rolling V Bus Corp.](#), a leading passenger transportation company based in the Catskills Region, has announced that 42 drivers have been awarded distinguished [GreenRoad Fleet Elite](#) memberships for excellence in driver safety.

The highest GreenRoad honor, induction into Fleet Elite is reserved for school bus drivers with at least 500 hours behind the wheel and achieve a safety score of five or less for the entire year. A score of 20 or below is considered safe or “Green” driving. Scores between 21 and 50 are considered moderately risky, while anyone exceeding 50 is considered a risky driver.

“Rolling V drivers together clocked more than 38,582.78 driving hours to achieve this goal! said Rolling V President Phil Vallone. “Our drivers have worked hard all year to achieve recognition by GreenRoad, one of the top school bus safety programs in the country.”

Here is a complete list of Rolling V drivers who are now members of the GreenRoad Fleet Elite:

**Ellenville Central School District**

John Blauvet

Robert Storey  
Kevin Rutherford  
Ruth Reynolds  
Lynn McIvor  
Donald Dungey  
Tom Conklin

Frank Caruso  
Anthony Miller  
Robert Daniel

Rolling V, which provides school bus transportation to more than 7,000 school children throughout the upper New York State area, initially adopted the GreenRoad driver performance service in 2009 as part of its ongoing commitment to operating a safe and efficient school bus fleet. Last year, based on strong, positive results, Rolling V expanded the use of GreenRoad to include its new Delaware County fleet.

“We are so proud of all our drivers,” said Nicole Dungey, Rolling V safety director. “Our drivers take the GreenRoad system very seriously, as well as the safety of all that we transport.”

In addition to the success of our drivers, the Rolling V Maintenance Department regularly exceeds the expectations set by the New York State Department of Transportation – ranking Rolling V in the top 10 percent of carriers in New York.

Vallone added, “We will always make sure we are practicing the best safety techniques, from training our drivers to the maintenance of our vehicles. Whatever it takes.”

GreenRoad is the pioneer and world’s leading provider of a comprehensive service to improve driving behavior. GreenRoad helps commercial fleets, insurers and consumers measure, improve and sustain safe and fuel-efficient driving behavior. The service integrates real-time, in-vehicle feedback, coaching, reporting and risk analysis tools to empower drivers to improve immediately. GreenRoad’s Service is cost-effective, automated and fully scalable. Commercial fleets that implement the GreenRoad Service typically reduce crashes by up to 50 percent and cut fuel usage and emissions by up to 10 percent. The company is headquartered in Redwood Shores, Calif., with sales offices throughout the U.S. and UK and an R&D Center in Israel.
